

MEET WITH CONFIDENCE | VIRTUAL & HYBRID EVENTS

The Holiday Inn Winnipeg Airport West is pleased to connect your business to the technology resources you need.

When Key presenters or attendees are unable to attend due to travel restrictions, space limitations, remote office locations or unable to meet today's distributed workforce know we are here for you. From Audio Conferences to interactive Webinars, Holiday Inn Winnipeg Airport West offers an array of virtual and hybrid services.

Audio-Visual services you can rely on:

- QSE Commercial Grade High End Speakers built to maximize voice and music quality.
- Wide distribution speakers. Even distribution with 8 speakers per meeting room providing full even coverage.
- All speakers are powered by 1250 watts per zone by a QSE digital amplifier.
- Easy Plug and play technology with VGA and HDMI inputs for your laptop. We also offer live cable TV available on our system for your next function or event.
- JustAddPower Hospitality Grade Video Distribution Processing.
- 1 Christie Brand Cinematic Series 1080P HD Projector per meeting room. Same image can be projected across all projectors in the Birchwood Ballroom or Chateau/Riel Room.
- The projectors project 6000 lumens which will give you a crystal clear image even in bright light. High contrast and sharp images project in full HD regardless of the light.
- 150" Motorized Projection Screens in the Birchwood Ballroom and 120" Motorized Projection Screens in the Chateau/Riel Room.
